**COMMIX**<sup>®</sup>  
DRIVEN BY VALUES & CUSTOMER DELIGHT

**Driven By Values And Customer Delight**

# Commix – Enterprise with a difference

## **What is different with Commix's way of conducting business with in global strategic customers and partners?**

Commix has vast experience in the field of Natural Fiber Products, Bio-fertilizer, Micro Propagation and Information Technology

Commix is an Internationally established corporate which has established working relationship with partners from UAE, USA, Europe and Australia

Commix DNA - Transparency, Confidence, Trustworthy & Smart work

Commix continuous improvement program and lean Six Sigma programs sets them apart from their peers

Demanding customers, ineffective collaboration and skilled-labor shortage make successful project delivery increasingly challenging for an enterprise catering the global market. Commix overcomes this concern with their proven, powerful enterprise level lean production management workable solution

For more than 30 years, Commix services have helped many global enterprises, engineering houses, and logistics firms effectively plan, manage, control, and deliver products on time and within budget through Global sourcing model

Commix services to clients are transparent to gain visibility throughout the project lifecycles, to eliminate inconsistent processes, and avoid costly surprises

Lean Six Sigma production process at Commix would build another level of confidence to its client

"We need to work with trustworthy reputed partners, who are flexible and scalable to the ever changing market demands"

**Krishnan Muthu**

Corporate Affairs  
GDS Engineering*

### **Natural Fiber**

We manufacture premier grade Natural Fiber from naturally available raw materials through an eco-friendly process which is lean and effective

We manufacture both raw fiber and growth medium in our units

### **Bio-fertilizer**

We manufacture sterile Bio-fertilizers with efficient strains of microorganisms that help crop plants when applied through seed or soil

### **Micro Propagation**

We have mass sterile micro propagation lab meeting global standards

### **Information Technology**

We cater product outsourcing to the cloud and Big data providers.

Our expertise in product envisioning and execution from offshore is our key delivery differentiators

**Commix Eco Products**
